Medical Doctor & Health Care specific AI Consultant | Helping MENA health tech

Tunisia

Summary

- Medical Doctor & Health Care specific AI Consultant | Helping MENA health tech startups build clinically-valid AI. · MD with AI Expertise | Clinical Advisor for Digital Health · Physician + AI Specialist | Bridging Medicine & Technology for Healthcare I'm a medical doctor based in Tunisia with a deep interest in artificial intelligence. I've taught myself how AI models work—not as a coder, but as a clinician who needs them to be safe, useful, and practical. I help startups and hospitals with: • Clinical Observation for AI models • Workflow integration • Training medical staff on AI tools • Regulatory readiness (ethics, liability, data protection, legal integration) Currently available for freelance consulting and fractional advisory roles. + Feel free to text me.
